

**RSFE-16P-2C-150**

**POE+ 16X100MB/S  
UPLINK SFP 1GB/S**

### PRODUCT FEATURES:

- POE+ unmanaged 16x100Mb/s Combo Uplink
- metal housing, Standard,VLAN,Extend modes
- set allows installation in 19" rack cabinets

### PRODUCT SPECIFICATION:

|                            |                                                                                                               |
|----------------------------|---------------------------------------------------------------------------------------------------------------|
| Number of Ethernet ports   | 18                                                                                                            |
| Number of fiber ports      | 2                                                                                                             |
| Number of POE ports        | 16                                                                                                            |
| Ports specification        | 2x RJ45 port (1 Gbps) or 2x SFP slot (1 Gbps) - Combo UpLink , 16x 100BASE-T 802.3af / 802.3at PoE+           |
| Maximum network link speed | 1 Gbps                                                                                                        |
| Network Link Type          | Ethernet, Fiber                                                                                               |
| Size                       | 19",                                                                                                          |
| PoE support                | Yes                                                                                                           |
| PoE standards              | 802.3at, 802.3af                                                                                              |
| PoE power supply type      | PoE, PoE+                                                                                                     |
| Total budget for PoE       | 150 W                                                                                                         |
| Maximum power per port     | 30 W                                                                                                          |
| Bandwidth                  | 7,2 Gbps                                                                                                      |
| MAC address table          | 16K                                                                                                           |
| Cooling                    | Active - fan                                                                                                  |
| Power Requirements         | 100-240V AC                                                                                                   |
| Power consumption          | 150 W                                                                                                         |
| Surge protection           | 6 kV                                                                                                          |
| Work signal                | LED                                                                                                           |
| Wired standards            | IEEE 802.3i 10Base-T, IEEE 802.3u 100Base-TX, IEEE 802.3x (Flow-Control), IEEE 802.3af PoE, IEEE 802.3at PoE+ |
| Functions                  | Intelligent PoE port disconnection function, Extend mode, VLAN                                                |
| ICT height                 | 1 U                                                                                                           |
| Dimensions                 | 208 x 320 x 45 mm                                                                                             |
| Weight                     | 1,9 kg                                                                                                        |
| Environment temperature    | from 5 up to 55 °C                                                                                            |
| Environment humidity       | from 0 up to 80 %                                                                                             |
