

AC-WS01-USB2-F

# WALL SOCKET WITH USB PORTS

## PRODUCT FEATURES:

- USB charger with a maximum power of 10.5W (5V 2.1A)
- Made of non-flammable plastic
- Flammability meets the requirements of 6.2.1 of the UNECE Regulation No. 118

## PRODUCT SPECIFICATION:

|                     |                                                  |
|---------------------|--------------------------------------------------|
| Rated voltage       | 250 VDC                                          |
| Outlet type         | Type F, USB Type-A                               |
| Number of USB ports | 2                                                |
| Current rate        | 16 A                                             |
| Output voltage      | 5 V                                              |
| Mounting method     | Flush-mounted                                    |
| Material            | Phosphor-bronze, Polycarbonate, Polyamide        |
| Weatherproof rating | IP20                                             |
| Colour              | White                                            |
| RAL color           | RAL9003                                          |
| Certificates        | CE, EMC, LVD, Non-flammability of VO class, RoHS |
| Depth               | 45 mm                                            |
| Weight              | 107 g                                            |
